

# DESERT JEEP TOURS

Through The Kibbutz Hotels Chain

The Kibbutz Hotels Chain runs a selection of hotels, holiday villages and country lodgings houses around the country, from the Golan Heights and Galilee right down to Eilat. We offer tourists a different way of enjoying the uniquely dramatic scenery of the Judean and Negev deserts on guided jeep tours (not self-drive).

A jeep tour is a special way – and sometimes the only way – to reach all kinds of magical, out-of-the-way corners nestling in the heart of the desert: oases, wadis, underground reservoirs, nesting grounds, as well as fascinating geological and archeological sites – and there's always the chance of a close encounter with some desert wildlife.

The program can be integrated into your itinerary and is available to all guests of the Kibbutz Hotels Chain. The cost of accommodation will be based on the cost of the existing programs: FIX (hotels and country lodgings), FLY & DRIVE, and DISCOVER (Ramat Rachel). In addition to the cost of accommodation, guests will be charged for each tour based on the reservation selected and approved by them.
